Elements of composition

Single center of interest (close up!!)

proper subject placement (rule of thirds!!)

tonal balance (simple colors, not busy)

pattern of meaning (shoot thru something)

balance mass (foreground object)

use lines (helps create perspective)_

frame subject matter(close and rule of thirds)

visual perspective (it helps to use lines)

convey meaning through color/tone

shoot a merger (this is your only BAD shot)

balance complexity/order (keep it simple)

odd number of prime objects (3 is best)

utilize meaning thru movement, (movement thru shot)

Total Shots: 30
